

**WELCOME TO THE  
35th ANNUAL**

**MARCH 26TH & 27TH**

Dear Players and Parents:

On behalf of the San Jose Ninja Youth Foundation, I would like to welcome you to the **35<sup>th</sup> Annual Ninja Tournament**. Each year our organization looks forward to hosting teams from all over California. It is an honor to host such a wonderful event.

It is important to remember that *our core principles are to foster good sportsmanship, solid basketball fundamentals, self-confidence in our players, and promote lasting lifetime friendships*. Hosting and attending tournaments is the primary way of enforcing these principles. Please take the time to not only enjoy the games, but make new friends and reacquaint yourself with old friends. With such dedication from friends and families, I look forward to the next 35 years.

Thank you to our Tournament Director Lance Uyehara for leading a group of dedicated volunteers to put together this tournament.

Have a wonderful weekend, enjoy our Saturday Night Socials and thank you for participating in our tournament!

Sincerely,

Jeffrey Minamide

San Jose Ninja Youth Foundation  
President

It is with much pleasure and gratitude that we welcome all of the participating teams, their families and friends, to the 35<sup>th</sup> annual San Jose Ninja Tournament. The continuing support of teams from both Southern and Northern California is what helps to distinguish this tournament as not only a great competitive event but a great opportunity to make new friends from all over the state as well as reconnect with old ones. I continue to be amazed by the many stories of lifetime long distance friendships and bonds that are created through the tournament.

While I was aware that it takes a lot of effort to host a tournament, I did not realize the numerous hours and months of planning and preparation that are required. A big sincere thanks goes out to the many volunteers that balance their dedication to the Ninja organization along with their family time and their professional lives to help make our tournament a success; especially our Boys Tournament Director, Burt Miyatake, and our Girls Tournament Director, Andy Namba. Their passion and tireless efforts in coordinating over 100 teams is truly impressive.

Our committees for the Middle School, High School and Tournament socials have been hard at work since October planning the intricate details of their respective events which I know you will thoroughly enjoy.

Most importantly, to all of the parents who unselfishly give their time and efforts to the organization. Thanks for keeping the scorebooks, operating the game clocks, managing the gyms, working the concessions and then helping out at the socials too. This tournament would not be possible without all of you.

Good luck to all of the players and coaches. I hope you have a great time at the 2016 edition of the San Jose Ninja Tournament.

***Exception: Ninja teams will always be the home team and wear black***

### **WAIVERS:**

1. All players must have signed waivers submitted to Site Coordinator at least 30 minutes prior to the team's first game played in the Tournament.
2. Liability waivers are the responsibility of each team. All medical expenses of any participant during this Tournament will be the responsibility of the team they Represent.
3. Each team is responsible for their own insurance coverage.

### **PROTESTS:**

1. Discovery of an ineligible player in a game will result in forfeit of that game.
2. Protest of referee judgment calls will not be allowed.
3. All protests will be addressed by the Ninja Tournament Committee.

### **TEAM ROSTERS:**

1. Players are allowed to play for only one team and listed on only one roster. Failure to comply will result in disqualification from the tournament.
2. Awards will be limited to 10 players.
3. Revisions to the official tournament team roster must be approved by the Tournament Committee.
4. Tournament Committee will have the right of waiver.

### **SPORTSMANSHIP:**

1. Any threat of violence against anyone associated with the San Jose Ninja Tournament shall result in the expulsion of the person(s) making that threat from the tournament. In addition, the player(s) and team(s) may be suspended from participating in future tournaments.
2. Players, as identified by the referees, caught fighting will be subject to an automatic suspension for the remainder of the tournament **and** tournament activities. In addition, the player(s) and team(s) may be suspended from participating in future tournaments.
3. Any player or coach displaying unsportsmanlike behavior (trash talking or taunting) can be given a technical foul without warning.

### **EJECTIONS:**

Any player/coach/fan ejected from a game will serve a minimum one game suspension. The circumstances of each ejection will be reviewed by the Site Coordinator and Tournament Committee for possible additional penalties if deemed appropriate. The ejected person must leave the gym immediately for the remainder of the game and will not be allowed in the gym during their team's next game.

### **CONCUSSIONS:**

The San Jose Ninja Youth Organization believes that the player's health and safety is of paramount importance. Concussions can occur with any head injury, as well as in all sports, but are more prevalent in contact sports. If a player suffers a head injury and demonstrates any sign or symptom of a concussion, or if the Ninja Site Coordinator, Ninja Tournament Committee, Ninja Team Coordinator (collectively "Ninja representative"), referee, or team's coach suspects that the player has sustained a concussion, the Ninja representative, referee or team's coach will contact the parent or guardian, and remove the player from the game until a physician clears him or her to return. Additionally, the player shall not continue to participate in the Ninja Tournament until he or she receives written clearance from a physician. The player and parent shall not challenge the decision to remove a player from the game.

It still hasn't hit me that this chapter of my life is coming to end. These past 7 years as part of the Ninja organization have just flown by. To the Ninja organization: Thank you so much for letting me play my favorite sport. On top of that and more importantly, thank you for allowing me to make these bonds that I foresee will last forever. To the coaches: Coach Glen and Coach Chad, thank you for all of your help and guidance when we were younger. You guys are a big part of the player that I am today. And Coach Jess, thank you so much for everything that you have done for me over the years. You always truly cared for all of us both on and off the court. This is no more evident than you making the effort to send in videos for each one of us when you were bed ridden during our last Ninja Social this past year. You also showed this on the court by always being willing to argue with the refs in order to protect us, even if that meant you got T'd up. To my teammates: It's been fun you guys. You are all some of my closest friends and I honestly look forward to the end of school ball season so that I can get back to Asian league with you guys. All of you have made

significant impacts on my life. Connor and Victor: I enjoyed the time that you guys were on the team and it's too bad that you guys didn't stick around. Elijah and Justin: Even though that you haven't been around too long, you two have just added to the team chemistry both on and off the court. Joel and Mitchell K: I am so glad that you guys made the switch to the Ninjas. It was always fun playing against you guys, but I think it's even better playing with you on our side. Derek, John, Mitchell T, and Dev: We've had our ups and downs but you guys have always been by my side. Seeing how we've all changed and grown just amazes me. And lastly, Ryan: It's crazy thinking that it's been you and me for 7 years now going all the way back to being 5<sup>th</sup> graders on the 6<sup>th</sup> grade team. People always say that I am a team leader, but I think that what you do often goes greatly underappreciated and wanted to thank you for everything that you've done. To my family: Thank you for always coming out to see me play whether in the black and yellow of Ninjas or Del Mar. I always appreciated you guys coming out and supporting me. Mom and Dad: Thank you for the countless hours you guys have put into this journey. Whether it was driving me to practice and games, taking stats, or having the team over at our house, I know that you always put up with it because you saw how much I enjoyed playing basketball. You have always supported me throughout the years. I know I often tried to ignore you guys by putting on my headphones and trying to fall asleep when I had a bad game and you guys tried to lecture me about it. I am sorry for that, and now realize that you had good intentions as you were yelling at me. Last but not least, Kevin: You are the reason why I fell in love with basketball. I know you appreciated me always coming to your games and practices, but now that I think back on it, that is the reason why I started playing. Being around the game so much is why I play with the passion that I do, and that is all thanks to you. I know you haven't been around as much as maybe you would like, but I more grateful than I often seem whenever you do make the effort to come to see my games.

Dear Ninja Family,

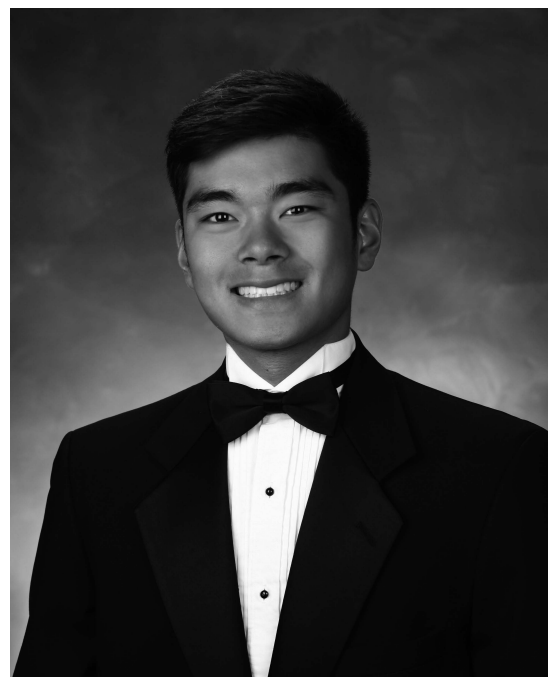

Thank you for the past 7 years. It's been a fun ride. My team is a little weird. Not every team can say we've grown up together. Half of us went to Lotus Pre-School together and have been lifelong friends. We expanded our family and now have new lifelong friends. We're lucky that we all get along great both on and off the court.

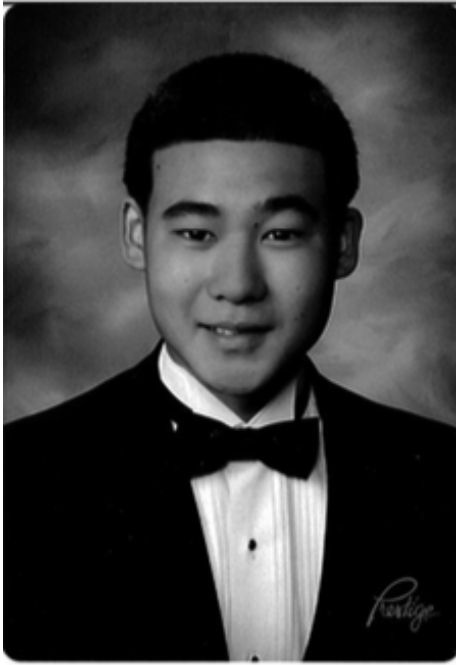

Thank you for Coach Chad, Coach James and especially Coach Jessica. You all made me a better person. Coach Jessica - you made me more confident both off and on the court.

After graduation I plan to get a Social Work degree and hope to also become certified as a firefighter. Eventually I'd like to become a Jodo Shinshu minister.

Thank you again.

First, I would like to start off by thanking the Ninja Organization for giving me the opportunity to play a sport I love. Playing basketball for the Ninja Organization has been a special opportunity that has taught me many valuable lessons and has created many friendships that will last a lifetime. There are so many great memories I have made in the eight years of being a Ninja. From all the times we went out to eat after a game to winning championships.

Coach Jessica, thank you for all your time and dedication you have put in to coach our team. Even though we may have been frustrating to coach at times, you stuck with us and believed in us every minute. You have taught me so much as a player and how to become a better leader. In all my years of playing basketball I never thought I would get scored on by a girl and much as you did to me in practice.

My teammates, thank you guys for making my experience as a Ninja so much better. It has been an honor playing with you guys for so many years. It is great to think how some of us have even been playing since we were just learning how to dribble. I know we will all stay friends and keep in

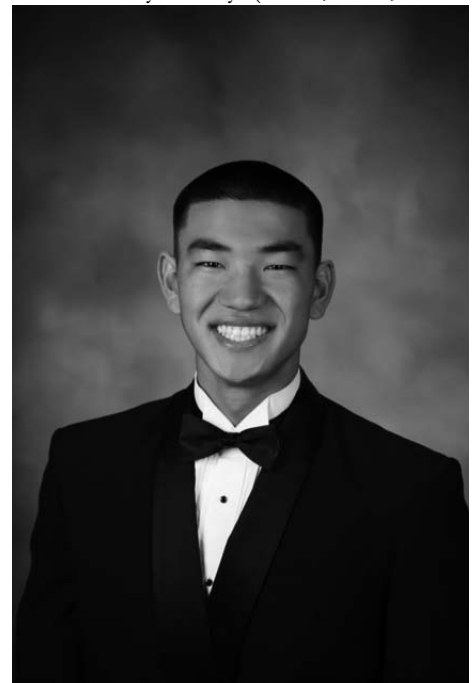

touch even when we are in college.

Lastly, I would like to thank my family, thank you all for supporting me and going to every game you could go to. Even though I may not show it all the time, I appreciate all you guys do for me. Dad, thank you for always finding ways I can improve my game, even if it means yelling at me from the stands to shoot the ball. At the end of the day I know that you always wanted me to reach my full potential. Mom, thank you for waking up early in the morning on tournament days to make food for the concession stand and screaming for me every time I made a shot. Grandma, it means a lot to me how much you want to attend every single one of my

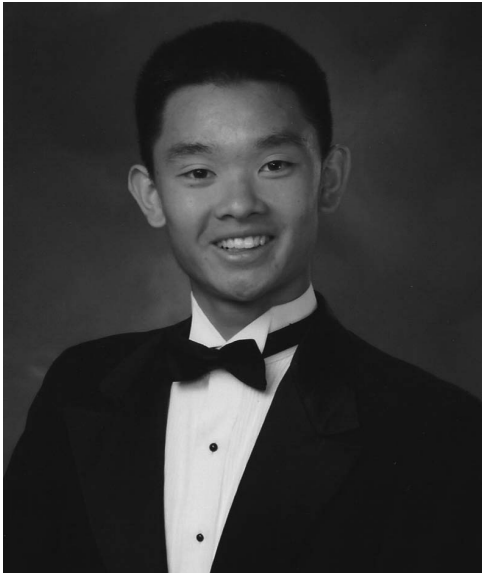

I would like to start off with giving a big thanks to the Ninja Organization. This was a great experience that will be forever life changing. From the people I met, to the friendships I have made, it has been a great journey. I would like to also thank my family (Mom, Dad, and Marissa), grandparents, aunts, uncles, and cousins for being so supportive and coming to watch as many games as they could. Especially the ones out of town like Reno and LA. Their love and support has kept me strong throughout the whole Ninja experience.

And lastly I would like to thank my teammates. On and off the court, I love to be around these guys. Through the many championships and many friendship games, we still managed to have a good time together. We have made so many memories together while at tournaments, fundraisers, and hangouts. I will never forget all of the great times I have had with these great people. The team wouldn't be where it stands today if it weren't for Coach Jessica. She's great at helping us keep our heads out of our butts, while at the same time showing us how real basketball is played. From all the fun practices to intense tournaments, I'll miss having her as my coach. Overall, being a Ninja has been a great experience with lots of great memories.

Wow. . . this is my last year of playing basketball with my Ninja teammates. I remember when I joined the team back in 2009. Stephen Curry was only a rookie, Barack Obama had become our new president, and everyone still listened to The Black Eyed Peas. Man, those were the days. Anyways, I was beyond nervous when my parents drove me to meet the Ninja team for the first time. I played for Tri-City, and I was very aware that everyone on the team played for CYS. I prepared myself for some awkward interactions, but it turned out that everyone was extremely welcoming to me. I learned everyone's names and we had the opportunity to scrimmage for awhile. I had a great first impression of the team and the organization, but what ultimately convinced me to join the Ninjas was our trip to the VFW Tournament in Orange County. Little did I know that this would be the start of an unforgettable seven year journey. In my first tournament with the Ninjas, we went to Disneyland and played basketball. I had made a whole new group of friends in only a weekend, and that's when I knew I wanted to be a Ninja. I'm blessed to have played basketball with such an amazing team. But more than

that, I'm thankful that I was able to meet a group of lifelong friends and families. I guess you could say ball really is life because at the end of the day, I won't remember our games or the wins and losses we accumulated. I will remember the memories we built over these past seven years: the team dinners, traveling to LA or Reno, Obon Festivals, and more. I owe it all to my family for allowing me to have this experience. From the long drives to tournaments to the unwavering support at my games, I'm grateful you sacrificed your time in order for me to just have fun. If I listed everything you did, I'd write a whole book, so I simply want to say thank you for the selflessness you expressed over all these years to let me be a Ninja. This applies to all the other families as well. All of the parents worked hard together to do all of the behind-the-scenes work. Your work doesn't go unnoticed and I'd like to thank you for all of the early mornings, late nights, and long days of commitment. I also want to thank Coach Chad and Coach Jessica for developing me into the player I wanted to be. You were instrumental in my improvement in middle school, and you prepared me for the high school level. I absorbed all the advice and critiques you've given me, and I'm thankful that you spent your time to develop me. I don't know where I'd be without your coaching and mentorship. As my final year of Ninja basketball continues, I'm glad I can look back at the past years and see that so many people have supported me. It's been an amazing seven

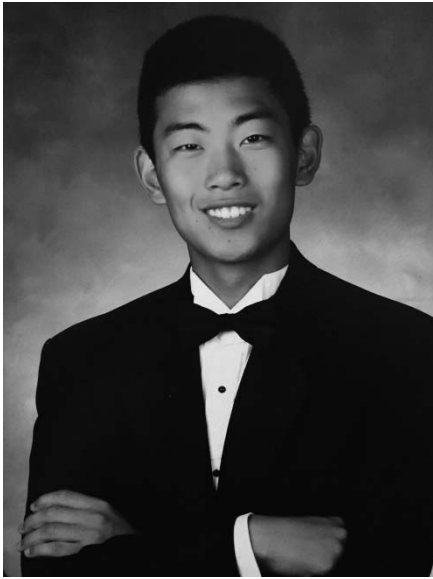

With this being my 2nd and last season with the Ninjas organization, I have to say that my time here has been nothing but great experiences and fun on the court. I'd like to first start off by thanking the Ninja organization as a whole for everything they have provided for me and the opportunity they gave me to play for such a great community/organization. Everyone I have met since I first joined has been extremely welcoming. When I first came to this team, I knew only one family. That did not stop my teammates and their families welcoming me as if I was their own. This team has never failed to pick me up when I'm down or having a bad game and have supported me continuously. Next, I would like to thank my coach Jessica. She

had also taken me in as if she had known me her whole life which made it very simple for me to become a better player. She has pushed me to always practice as hard as I can and given me great tips. Coach Jessica is one of the funniest coaches to ever play for but still a great one at that. I felt as if I had been on this team for years just after playing a couple of tournaments. The bonds I have created with my teammates is something that cannot be broken, and the experiences we have made will never be forgotten. From learning their names on the first day to having hotel room parties at every tournament. From being afraid at the dinner table to participating in something that I still don't understand: utensil theft. These teammates I was once afraid to meet are now my brothers. It was an absolute honor to play with such a great group of humorous, and friendly guys. Lastly, my parents. I would not be playing with this organization today without the love and support of my parents. Thank you for everything. As very young parents, you guys have exceeded the expectations of many and gone beyond what anyone could have ever imagined. Not many children can say this, but I am happy to say that I am truly proud of my parents and what they have done for me, and my siblings. Words cannot express my love for you guys. Y'all the real MVP's.

## Elijah De Guzman #3

## Mitchell Tsudama #8

It's hard to wrap my brain around the fact that my ninja career is nearing its end. It felt like yesterday when I joined the team in the sixth grade and I was a short scrawny Asian kid that was just okay at basketball but now I'm still a short scrawny kid that's a little better at basketball because of this great organization. First and foremost I would like to thank my parents for showing me the game of basketball, taking me to practices, and tournaments. Also thank you dad for always shooting with me in the driveway and making me a better basketball player but most importantly a better person. I would also like to thank my brother and sister for coming to my games and supporting me even if you didn't want to.

The one person that has changed my game the most, is coach Jess. Coach Jess has changed my game from someone who didn't really do to much, to a good defender and someone who isn't afraid to attack the basket. Coach Jess isn't only a coach to me, she's also a great person and someone who cares about all of us. Our relationship is more than a "coach to player"

basis but more of a friend to friend basis.

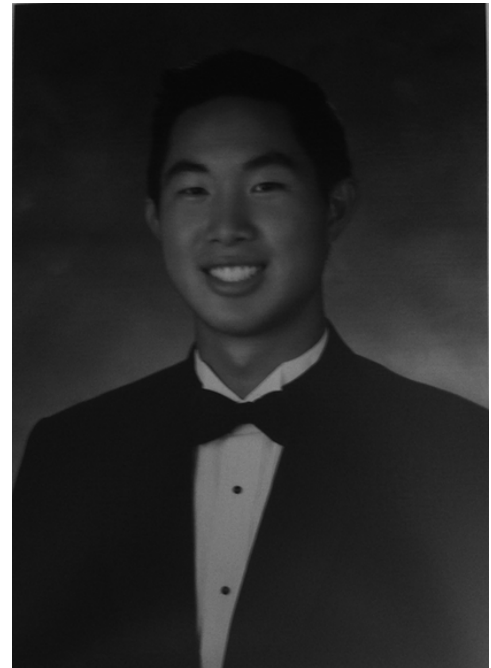

To the guys that mean the most to me, don't perceive this as a goodbye but more of a til next time because I know there is no way you can keep a group of guys as close as we are away from each other for too long. Each and every one of these guys aren't just teammates, they are brothers. We have all grown up together regardless if we were together for five years or two. We all have a special bond that carries far beyond the court. So to my boys, this isn't goodbye... it's until next time my friends....

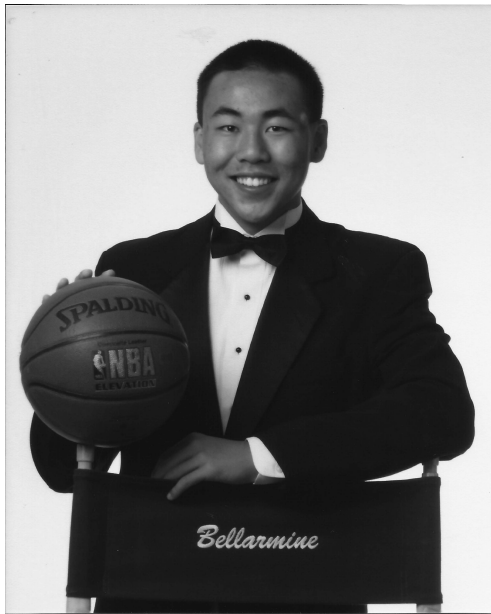

It's sad to believe that I will never be able to play organized basketball again after this year. For most of my life, I had always been occupied with some sort of basketball league to play, whether it was NJB, school teams, or for the Ninjas. Essentially my life has revolved around basketball for years either sacrificing family time, or waking up early in the morning for tournaments on weekends; I have always been happily active around the sport. This sport has

helped me stay occupied with my time and is the only reason I am somewhat fit and has helped me create an environment of good influence around me. Basketball has really shaped the person I am today by helping me build confidence and comfort on and off the court. It does also lead me to become a very competitive person which pushed me to always put in effort into whatever I do. Aside from helping me to become who I am, it has also helped me gain a lot of friends. Playing since when I was still in elementary school, it has helped me build friendships that have lasted what seems like forever. This sense of organized team sport has created memories with new friends and even more with my best friends. I am extremely thankful and appreciative that I have had the opportunity to play with so many great friends and met so many great people. Win or lose, I have always had fun while playing because I always knew that it was just a game and that I shouldn't dwell on one game. I think the most important lesson of all is that, even if you lose, you should always focus on how to improve instead of staying caught up in the past.

Seven seasons ago, I wasn't too sure about Ninja basketball, and Ninja basketball wasn't too sure about me. Stepping on the court in a ten-dollar reversible jersey during my first game, I couldn't help but feel apprehensive as to how long I would last with the team. But seven years later, I can confidently say that the San Jose Ninjas have become a second home for me, a family that thrives together both on and off the court, and thanks to my parents, teammates, and coaches, I'm thankful for the opportunity to explore the world of basketball and build lasting relationships through such a wonderful organization. Despite the world that has changed around me, my teammates have been like an anchor to me throughout middle school and high school. While transitioning from a thirteen-student size class at Challenger to a campus of sixteen hundred students at Bellarmine was indubitably tough, knowing that there would always be nine brothers I could depend on staying the same was extremely comforting. From basketball to school to the latest NBA

trade rumors, being able to grab lunch between games during a weekend tournament became a joy and privilege that I will miss dearly. Coach Jessica, even to this day, you're the only woman outside of my mother who can beat me up. From the very first practice, it wasn't just dazzling footwork or one of the cleanest shots I've ever seen. It was also your ability to adjust, to triumph through thick and thin, and to bring us together as a family that has touched my heart and inspired me to see from a perspective greater than my own. I'll always remember you not just as "Coach", but also a mentor in box out techniques and in life. Thanks so much to all the parents who, after an infinite number of concession stands, scorekeeping duties, and eight o'clock mornings on tournament day, incessantly carry the same familiar enthusiasm and support no matter the wins and losses. And last but definitely not least, I love you mom and dad. I'll forever cherish not just the peaks and highs, but moreover, the struggle and lows that I had the blessing to share with you. As I head off into the next chapter of life, I'm confident that while our team might see each other less, I'll continue to carry the spirit of brotherhood, respect, and audacity that the Ninjas have imbued in me.

First off, I would like to thank the Ninjas organization for allowing me to do what I love most in life, play basketball. These past four years have really been some of the best times of my life and the ninjas have always been right there to share them with me. Whether it is hanging out at the hotels, winning a tournament, or just having lunch and dinner together, those are memories I will cherish for the rest of my life.

I'd also like to thank the Ninjas for providing me with a group of individuals I can consider my family, my brothers. Also, I'd like to thank Coach Jessica, my teammates, and the parents of this team for inviting a kid from San Francisco to come play with you guys and feel so welcomed. I really have had the most fun playing basketball on this team and I will truly miss this team after this season.

I believe that there is a difference between fate and destiny. Fate is an event in the future that will happen no matter what you do, whereas destiny is the actions one takes down his or her path. For example, it was my fate to play for Ninja Basketball. I was offered a position to play for the organization in sixth grade; however, I declined. Once again, another teammate of mine asked me to play Ninja Basketball, this time, I accepted the offer. Destiny played a role when I decided to play for Ninjas. I can proudly say that I took full advantage given to me during my Ninja season.

Everyday, I worked as hard as possible to become a better player every time. I built a strong bond with each of my **teammates** whom I can confidently say are my family members. All of the memories I made with my sisters will never be forgotten. It was my fate to play for Ninjas, but ultimately, it was my destiny to be a part of an extended family.

Lindsey Nishimoto

Joining the San Jose Ninja Organization was one of the best decisions I have ever made in my life. In fifth grade, I was not fully sure that I wanted to join the Ninjas, but honestly, I do not know what I would do without this wonderful **organization**. I was blessed to become a part of a team that accepts one another, laughs with each other, and loves each other unconditionally. Every additional player that we acquired was an essential puzzle piece that we were missing, each playing a key role in the game of basketball. Now, I am confident in knowing that our eleven piece puzzle is one that is

complete and I could not be happier. Every season, I looked forward to enjoying endless amounts of spam musubis, winning the black t-shirts, and most of all, I was ecstatic to spend more time with my team and coaches. Over the seven years we've had together, we were able to create many memories and bonds that will never be broken. There are so many people that I would like to thank as they were all influential in helping me get to where I am today. To **my grandparents**, thank you for coming to all of my games and supporting me all the time. Unless you *had* to go to a church event, I could count on you to be there, cheering in the stands. I am so grateful for grandparents who are able to watch me play the game I love. To **my parents**, thank you for your love and support on and off the court.

Whether it involved driving me to practice, giving me advice, or making sure I had water, I am very thankful for everything you have done for me. Mom, thank you for encouraging me after every game and making me smile no matter the outcome of the game. Thank you for cleaning out my basketball bag, getting rid of every water bottle squeezed into every inch of my backpack and for doing all the little things that make a big impact. Dad, thank you for taking on the role of being the team coordinator from the very beginning, making the team function well by keeping everyone on track. Despite the yelling from the bleachers and the long lectures in the car, thank you for showing how much you care by making me a better person and player. To **Coach Orville, Coach Jonah, and Coach Alfredo (Uncle Fredo)**, thank you for all you have done for us in the short time we have been together. It is really amazing how easily we attached to each of you guys and how you took the time to know each individual player on the team. The tremendous progression we have shown proves how much you guys really mean to us. Lastly, and most of all, I would like to thank **my teammates (a.k.a. my sisters)**. Every practice, every game, every tournament, there is no doubt that we would be having a good time- smiling and laughing. Getting Nevada shirts and looking like a rainbow on the court, meeting Becky at King's Hawaiian, opening secret Santa gifts at Christmas dinners, and going to Hawaii together were just some of the memories that will stay with me forever. Thank you ladies for being a big part of my life and for the everlasting friendships I have made. Although we have a couple of tournaments left, it's sad to realize that eventually I won't be seeing everyone on Sundays for practices or on weekends for tournaments. I will definitely miss all 10 of you ladies once season is over but I know each one of you will do great things in the future.

Deserae Velasco

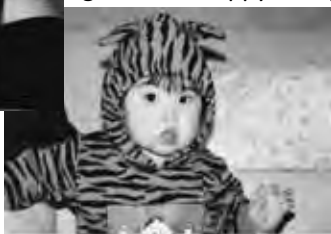

It's unbelievable that my last year of playing Ninjas is coming to an end. Looking back to when I first started playing Ninjas, and seeing how far we've come now is unbelievable. Seven years of playing with this amazing **organization** has been such a blessing. I've been given the opportunity to play the game I love with girls I've grown to see as not only teammates, but **sisters**. I'm grateful for all the people I've met and for all the experiences I've made within these past years. To my **coaches, Fred, Jonah, and Orville**, I cannot begin to express my gratitude. I've never had coaches that unified a team so well in such a short amount of time. Playing for you guys has shown me a new coaching perspective, and I appreciate your guys' dedication and passion for the game. There's never been a dull moment with and I can always count on your guys' humor and optimism to pick the team up. Lastly to **my mom and my sister**, thank you for your immeasurable throughout my entire basketball career. There's never a doubt in my mind that you two will always be there to cheer me on. Mom, thank you for all the time you've put in for me to be able to play basketball. You always believe in me when sometimes I don't believe and myself. You always reassure me throughout the times I need it most, and for that I am forever grateful. I love you both so much.

Kacey Matsushima

Time really does fly when you're having fun. Eight years have gone by in the blink of an eye and now it's my turn to leave this amazing program. I want to give a big thank you to the **Ninja Organization** for giving me the opportunity to play the game I love and introducing me to my second family. I have become a better basketball player and overall person because of Ninjas. No other program could have given me an experience like this. To my **Ninja sisters**, I can't express how much love I have for each and every one of you. We've definitely improved SO much since sixth grade. I'm happy that you guys have been there every step of the way and that no one chose to leave our family. No matter how many nine o'clock games we played, I'm nothing but impressed to see where we are now. Thank you guys for never having any dull moments when we are together and for always making me laugh. No matter where we end up after this season, we will always have the memories and black t-shirts to remind us how much fun we had together. To **Coach Fred, Jonah, and Orville**, thank you for being the coolest coaches I've ever had. You guys have really turned our team

around. I never have any doubts that practices and tournaments will be nothing but fun because of you guys. Thank you so much for always pushing us to our best and always being positive, even when we're down twenty points. You guys are so awesome and I hope Alana turns out as awesome as you guys. Finally to **my parents and family**, there aren't enough words in the English language to express my gratitude. Thank you so much for your endless support you give to me and the Ninja Organization. Without you guys and the other parents, our team would be nonexistent. Thank you for always making sure I have both my uniforms, waking up early to set up concession stands, and being my number one fans. I know it sucked sometimes when we would drive all the way to LA to watch us lose Friendship, but thank you for never giving up on me and my team. I love you guys so much!

Erikka Linn

Even though I'm one of the newest players on this team, I can't help but feel like I've been here since its conception. The **players and parents** have been so welcoming to me and it seems that I have blended seamlessly into the ninja family. I also don't know what I'd do without **Coaches Alfredo, Jonah, and Orville**. They understand the game well, give me pointers and tricks, and help me with all my questions. To **Coach Chris**, I want to say thank you for not only introducing me to this team, but also helping me back at MSJHS, and coaching during Tri-valley and north-south. It's been an honor to be one of your players and I can't put into words how grateful I am for everything you have done. Last, but never least, I want to acknowledge everything **my parents and siblings** have done for me so that I can play basketball. I'm so thankful to my parents who take the time out of their busy days to drive me to my practices and games, and to my siblings who willingly sit through my barrage of tournaments, scrimmages and more when they have their own activities to attend. It's crazy to think that this is my last year and here I am writing my senior page about all the people who have made huge impacts on my life even if only for the short time I've known them. The only two words that perfectly sum up everything I want to say to everyone I've interacted with in this organization, is thank you.

Ashley MacDonald

I can't believe it is finally my turn to write this. I remember reading these every year and now I get to tell you why I love being a Ninja. I can't tell you how much of a blessing it is to be a Ninja and be able to be a part of this **organization**. I have made life-long friendships from all over from Sacramento to LA to Hawaii because of this team. I would like to thank **Wade Nakamura** for coaching me throughout my high school career. He has always guided me to be a better leader and point guard. He constantly pushes me to strive for the best and always work hard. He has taught me pretty much everything I know about basketball since 5th grade. I could not imagine myself being the player I am today, without all of your knowledge and passion for the game. **Coach Todd**, if there is any coach who knows me the best, it's you. You've taught me so many things on and off the court. I still remember those fun practices back in 3rd grade especially when you'd let us scrimmage the boys. Thank you for always being there to push me and encourage me. I'd like to thank **Coach Robin**. He may not have been my toughest coach, but he sure was the most fun. Not only did he show me how to have fun while playing basketball, he also taught me many fundamental skills. Thank you for always letting me play on all your different teams and thank you for coming out to watch my games. I would also like to thank my coaches.

Although I've only known you guys for a year, it feels like I've known you guys forever. **Coach Orville**, I'll never forget all those times on the bench listening to you or even your famous sayings like "ball don't lie" every time a girl would miss her free throw or "way to get the w" at the end of a game. Thank you for always being there to pick me back up and get my head back in the game. And lastly, my favorite memory was during the flyers tournament when you surprisingly swooped me up and carried me off the court. **Coach Jonah**, thank for always taking time to come out and help coach us. Its always a good time with you. I know it's not easy being away from your baby, but you're always there playing and scrimmaging with us. **Coach Alfredo, uncle Fredo, papa Fredo**, thank you so much for all you've done for us. You sacrifice so much so you can be at our games and practices. I know it's not easy missing work, but it just shows how much you care for our team. You also got us our first 2 championships this past season and you continue to push us to do our best. You have truly created a new bond with our team. We're family now. And thank you to **my teammates**. You guys have helped me through so much. I've been playing with some of you for 10 years now. You guys have truly become my family. It's going to be weird not seeing you guys during Ninja season. I'll definitely miss you guys. Lastly, **Mom, Dad, Matthew, and Grandma**, You guys have gone above and beyond so I could be here on this team and travel to LA and even Hawaii. You guys came to every practice and game to support me and cheer me on. You guys never let me give up and always gave me things to work on. Thank you for all the sacrifices you have made so I could create all these new friendships. Thank you so much. I love you guys.

Jenny Van Dyne

Being on this team has taught me a lot. It has taught me more about the game and allowed me to make friends that will last a lifetime. I wouldn't want to experience these four years with any other girls especially because they have become my sisters. I would like to thank a number of people for making this possible, starting with the **Ninja Organization**; thanks for giving me the opportunity to play with this team for four years. I'd like to thank the **Ninja parents** for being welcoming, supportive and encouraging throughout the years. Next I would like to thank **my family** for every-

thing they've done for me and for being my number 1 fans. I would also like to thank **Coach Alfredo, Coach Jonah and Coach Orville** for taking over this team last year and helping us improve. Thank you for always encouraging us and always believing in us. It has been really fun playing for you. Lastly, I would like to thank **my sisters** for being encouraging and supportive. I'm really going to miss playing and being with you all next year. I will never forget going to Hawaii, playing let's play zoo and making our music video in LA. You girls are such a big part of my life and I can't thank you enough. It's going to be so weird not seeing you guys every Sunday, but I know we will be in touch after we finish our last season together. Thank you for being my second family.

Caity Tanaka

**Ninja Organization:** Thank you for making my Ninja experience one of the best experiences of my life! I am so grateful to be a Ninja as it has made me a better player and person. It has brought me lifelong friendships and memories I will never forget. Thank you for being the best possible Organization.

**Mom and Dad:** You have both done so much for me and I know that you've sacrificed many things to make this possible. I know I have a funny way of showing it sometimes, but I am so appreciative of the time, effort, and dedication that you have given to me and the Ninjas. You guys do everything

(driving to practices, games, and to all the socials). Without you guys, I wouldn't be the person I am today. I love you. **Ryan-my Big Broski:** Thank you for coming to my games when you could. I know you've got a lot of things going on, but you coming out and supporting me at 9 o'clock games made my day. Thank you for always pushing me to play harder, playing one-on-one with me and just being a passer when I needed one. And thank you for showing me how not to play too ☺! You do so much for me, even driving me around everywhere when you had other plans. You're the best. **Family:** Thank you guys for always coming out and supporting me no matter how far or what was going on- somehow you always made it out, and I really appreciate it! Having you come out to watch me play really means a lot. It's made

me work just that much harder to try to make you proud. **Coaches:** Thank you guys for pushing us and making us better basketball players and better people. Your dedication to us is what makes us the team we are today. I have learned so much from you guys on and off the court. You guys always believed in me and pushed me and gave me more confidence in becoming the best player and person I can be. **Parents:** Thank you guys for always being there for each and every time we needed a ride somewhere. Thank you for all the delicious food during out tournaments, and dealing with all of our crazy, loud, annoying, loving, singing and weirdness! I would like to thank the Nishimoto's for always driving me to practices, games, and tournaments and for treating me like your own. Thank you to all the parents (aunties and uncles). **Sisters:** Ashely, Kacey, Lindsey, Ally, Jenny, Cindy, Tiff, Erikka, Des, and Olivia.... You guys are my family and I can't believe that it's coming to an end and that we are seniors. Making jokes on the court, and pushing each other to become better. We have created some fun, loving memories and life time friendships throughout the years. As we move on, we will create many more memories. I am proud and blessed to be able to say that you guys are my family; I love each and every one of you. Without you guys, I wouldn't be the person I am today. I am blessed to have each and every single one of you in my life. Even though we are all moving on in all directions, each and every one of you will forever be my teammate, girl, sister, and family in my heart. I wish everyone the best in college and the future. I love you guys! And thank you, each and every one of you.

Olivia Worthington

I can't believe I'm playing in my final season with the Ninja! It can't have been six years since I walked into that church gym as a 6th grader to try-out with Ashley, Lindsey, Caity, and Kacey. Everyone played so well and I really wanted to be a part of it! Now here we are, after three coaches and welcoming so many new girls to the team. But no matter what, we have always felt like one family. Playing for the Ninja taught me so much about basketball. The pressure of playing for Archbishop Mitty can be so overwhelming but playing with the Ninja taught me to

relax, put my mistakes behind me and rely on my fundamentals. The Ninja taught me how to have fun with basketball. Thank you to **my teammates** for always letting me know I have my Ninja sisters. Thank you to all of the **parents** for looking out for each of us like we were their own daughters, thanks to **my dad** for driving me all around the state to play and thank you to **coaches Alfredo, Jonah, and Orville** for making us the tournament champs that we always knew we were. The many memories of playing with my Ninja team will stay with me for the rest of my life and I hope as we finish out our Ninja careers together we make the best memories of all over the rest of this season!

Ally Hikido

To think that this is my final year as a Ninja is unbelievable! This team has been my family for over 6 years, and it will be a dramatic change when it is over. There are so many memories and times together that I will never forget. I have been so blessed to have such an amazing team, supportive coaches, and loving parents through it all. First of all, I would like to thank everyone in the **Ninja organization** that has made this journey possible. I would especially like to thank **my parents** for

constantly supporting me and driving me to all of the practices and games. You have always allowed me to pursue my dreams and have pushed me to become a better person and basketball player. I remember going out to the elementary school almost every day to shoot around to get better; and I know that you have sacrificed so much for me. I cannot remember a time when you missed a game unless it was for an urgent reason. You have always been there and have encouraged me at every game. I would also like to say a special "thank you" to **my grandparents**, who have supported me by attending so many of my games. Even to San Francisco and Sacramento tournaments you would travel to go watch me play. I also want to say "Congratulations" to my cousin, Sydney, on

becoming a Ninja. You have so much to look forward to! I am extremely grateful for all of the support and encouragement that I have been blessed to receive. I love you all so much! Secondly, I have been fortunate to have so many amazing coaches over the years. Although it is only our second season together, **Coach Alfredo, Coach Jonah, and Coach Orville**, I feel like you guys have been there all along. You give us helpful advice while encouraging us to improve our games. I am very thankful for all of the effort and time you put into our Ninja team. I have learned so much about basketball and about life from all of my coaches through the years. Coach Robin is one of those coaches that make you love the game of basketball. Thank you so much for always making me laugh and for making me a better player. Playing for you always made me smile. I have been fortunate to have such knowledgeable, nurturing coaches who love the game of basketball. Thank you for sharing that love for the game with me. Finally, I love you, **team**. I have so many sisters now; and I know in the future we will stay close. I have had so many laughs and giggles with you guys. All of the basketball games, Reno, L.A. tournaments, beef skewering, and Hawaii are memories I will never forget. It has been such a privilege and a joy to get to grow up with you guys. These are friendships that will last forever. I can't wait to see what we're all up to 10 years from now. This is definitely not the end for our team; it is only the beginning.

Tiffani Lowe

I remember looking through all the senior pages when I was younger and admiring each and every one of them, now it's my turn. I guess the saying is true, time flies when you're having fun; it's been an amazing journey playing Asian League for the past 10 years. Thank you to the **Ninjas Organization** for showing me what sportsmanship is. It's been a pleasure playing for a really amazing organization that I'd never imagined being part of. My teammates who I'll always call **my sisters**; you guys make me laugh every tournament and practice. Thank you for making me feel so welcomed when I first joined. It seems like I've been playing with you guys since the beginning because no matter what kind of situation we're all in, we always find a way to make each other laugh. All of you guys are so talented on and off the court and I know that each and everyone of you will be successful in the future. Thank you **Ninja parents** for treating me like your own daughter. And a special thank you to the Nishimoto family for adopting me. **Coach Alfredo, Jonah, & Orville**, it's been a pleasure to play for you three. You always keep our heads up whenever we're down and make us laugh to get back up. With the short amount of time that you've been with us, it's been an amazing journey. Thank you for making us better players and don't forget, we'll always get the W. To **my parents**, thank you for always supporting me and the decisions I made. Thanks for always making that 1-hour drive from

San Francisco to San Jose, driving to Reno and taking a road trip down to LA. After so many years of sitting on the bleachers, I appreciate everything you guys have done for me so that I have an opportunity to play basketball. And I can't forget about **my brother, Jonathan**; thank you for taking off work to watch me play in LA and always giving me helpful hints and tips off the court to make me a better player. Thank you for everything that you guys do, I love you.

Coach Alfredo, Jonah and Orville

Being able to coach all these **young women** has definitely been a fun and great experience for me. I was able to witness first hand the chemistry they built together and see the challenges they all overcame. The word "Family" has been thrown out a lot since I joined this team and all the girls bought into this, which helped with the success on the court. To see all their faces and joy as they won their first championship, as a team was a moment to remember for me. Ladies I wish you the best in your future and can't wait to see all of you progress in your lives! I would like to thank all of the **families** for allowing my coaching staff and myself the opportunity to coach your daughters. We are very thankful! You all have shown much support for us and showed so much love to our daughter Alana.

**THANK YOU!! - Coach Alfredo**

I would like to wish the **girls** good luck in their senior season and future endeavors as these girls work hard on and off the court. I hope they continue to add to the memories they have made through out the years and enjoy every game, quarter, practice, and team bonding experience of their final season! I want to thank the girls for being so open to our coaching styles and adapting to any changes we threw your

way. Each girl has been a pleasure to coach and adds their own style and corky personality to this very unique team. I have no doubt that you all will do amazing things in your future. But first, let's enjoy every minute of Ninja basketball you have left: **Play hard, work together, & (most importantly) HAVE FUN! - Coach Jonah (Joners)**

I would like to thank the **Ninja Organization** for giving me a chance to give back to the Asian League Community. As a former player of Asian League myself, I am truly honored to represent this organization. Again thanks for the opportunity. I would like to recognize the **parents** for their hard work and dedication. You guys do all the behind the scenes stuff from practice schedules to organizing the tournaments. Thanks for all your hard work. To the **players**, coaching you guys has been a great pleasure. Watching you guys prepare before each practice and each game brings back old memories of when I was a player. This team is a family, and it shows on the court. Enjoy this moment of being a Ninja because all of this will become great memories to share in the future.

**LETS GET THESE W'S!! - Coach O**

*Good Luck to all participants!*

*See you next year!*

**THANK YOU TO OUR ADVERTISERS,  
BOOSTERS, AND FAMILIES  
FOR A SUCCESSFUL TOURNAMENT!**

# Good Luck Mitchell Play Hard and Have Fun!!

I can't believe you're a Sr now and have grown up to be quite the man I expected. I know your 'Ninja brothers' were a big part of it and am so happy you got to experience this at such a young age. Very few people get this experience, so consider yourself one of the lucky ones. Enjoy these times! Love, Dad

Have Fun, see some old friends and make some new ones. This is what Tournaments are all about.

Love,  
Mom, Dad, Ryan,  
Shelby, Big Jich and

REALTORS**

**Hello Family and Friends,**

I am building my **Real Estate Business** one quality customer and transaction at a time. I handle each phase of each transaction personally. I know where the bottlenecks tend to be and anticipate those potential problem areas. Each client, each transaction is important as they are the building blocks of my reputation. I have a team of professionals I team up with to drive your transaction to the finish line! It takes a team effort to work collaboratively to help you buy your home and I will be leading this team in representing your needs!

I have lived and done business in the San Francisco Bay Area all my life. Each market, each listing, each property presents challenges and opportunities. It is important to know what is negotiable and what isn't. An experienced agent will be able to investigate the property, assess the status of the market, determine the desires of the owner and formulate offers which present the buyer in the strongest position possible. It is my goal to place my clients in a position of strength.

Whatever your Real Estate needs are in the San Francisco Bay Area, I look forward to meeting you and discussing your goals and objectives. Also, I would be honored to help represent your referrals as well.

*Personal Realtor at your service.*
